

Foundations Certificate Program

Foundations, our flagship Self-Reg course, has been a game-changer for hundreds of learners, bringing them to an entirely new understanding of what makes people tick. In this four-course, online program, Stuart Shanker and Susan Hopkins take you deep into the science of self-regulation and stress including how the brain/body stress system works, how stress affects children's behaviour and moods, the difference between misbehaviour and stress behaviour and the importance of relationships in self-regulation and learning.

Over 1000 teachers, mental health professionals, health professionals and parents have taken this course. Many say it has changed their outlook on children, their work and their own well-being.

Early Childhood Development Program

If you are an experienced ECE you have undoubtedly encountered children with all kinds of different temperaments. And, no doubt, you have likely worked with some tots whose temperaments would be described as “difficult.” What do we make of kids like that, or more to the point, how do we work with them? Dr. Stuart Shanker reframes the idea of difficult temperament and much more in TMC’s online course for early childhood educators. This course will show you how to revolutionize your practice by understanding, and responding to, the unique and sometimes hidden stressors that shape the caregiving and learning experiences — and hence, the temperaments of the children you work with.

Leadership Program

Every educational leader has always had the same goal: a school in which everyone flourishes – not just academically, but socially, psychologically and morally. It's the HOW that has always proved challenging, and now more so than ever. School leaders today are confronted with behavioural, emotional, and cognitive challenges far in excess of what their predecessors had to contend with. It is a HOW that requires, not just inspirational rhetoric and fortitude, but a deep understanding of why these problems are occurring and how they can be met and mastered.

This 12-module program has been developed specifically for school leaders: with the knowledge and guidelines needed for their school to become a centre of deep learning, in all its many facets.

Ongoing Offerings

These courses are available for purchase and available to start at any time.

Parenting Course

The ten-module, video-based Self-Reg Parenting Course is designed to help parents apply Shanker Self-Reg® in their day-to-day parenting. Register at any time you like to take the content at your own convenience over a 6-month period.

Self-Reg Framework 101

This six-session mini-course is a great way to introduce Shanker Self-Reg® to your team. The 40-minute webinar-based sessions are provided by TMC specialists with a welcome from Dr. Stuart Shanker. The design is intended for learning over six separate sessions to allow time for reflective practice in between each module.

Professional Learning Series

The Shanker Method 101

This six session mini-course from TMC specialists, with a welcome from Dr. Stuart Shanker, provides teams with an introduction to Dr. Shanker's Five-Step Self-Reg Method through 40-minute webinars. This mini-course intends to build on PLS 1 but can also be taken as a stand alone option for teams interested in focusing on learning the Shanker Method® as a first area of focus. This method is really the heart of Shanker Self-Reg® and builds on understanding of stressors across the five domains (biological, emotion, cognitive, social, prosocial).

The Stressed Detective

Enter the noir world of a Stress Detective working tirelessly to identify the sender of a mysterious gift which sends anyone who comes into contact with it into a limbic state. Through a series of videos and activities, the learner will be immersed into the world of Self-Reg.

Reflective Parent Webinar Series

In this series, Dr. Shanker focuses on Self-Reg Parenting and working with parents of children across a variety of age groups and contexts. There are five different webinar options, each approximately 60 minutes each.
