FOUNDATIONS CERTIFICATE PROGRAM

Level 1 Certificate Program | \$500 - \$1,695

Our flagship Self-Reg course, has been a game-changer for hundreds of learners, bringing them to an entirely new understanding of what makes people tick. In this four-course, online program, Stuart Shanker and Susan Hopkins take you deep into the science of self-regulation and stress including how the brain/body stress system works, how stress affects children's behaviour and moods, the difference between misbehaviour and stress behaviour and the importance of relationships in self-regulation and learning.

Over 1000 teachers, mental health professionals, health professionals and parents have taken this course. Many say it has changed their outlook on children, their work and their own well-being.

EARLY CHILDHOOD DEVELOPMENT

Level 1 Certificate Program | \$745

Our 3-module online course explores child development from birth to age 10. It gives learners a new and more complete understanding of the factors that affect early development, by looking at development and learning through the lens of Self-Reg. Self-Reg is Dr. Stuart Shanker's framework for understanding stress and managing energy and tension, in order to support self-regulation.

As we know, young children are already capable. Our job as adults is to create the relationships and experiences that enable all children explore and grow their capabilities. Supporting their self-regulation—understanding and addressing children's stress (and our own)—is the key.

LEADERSHIP FOR SELF-REG SCHOOLS

Level 1 Certificate Program | \$850

Every educational leader has always had the same goal: a school in which everyone flourishes – not just academically, but socially, psychologically and morally. It's the HOW that has always proved challenging, and now more so than ever. School leaders today are confronted with behavioural, emotional, and cognitive challenges far in excess of what their predecessors had to contend with. It is a HOW that requires, not just inspirational rhetoric and fortitude, but a deep understanding of why these problems are occurring and how they can be met and mastered.

This 12-module program has been developed specifically for school leaders: with the knowledge and guidelines needed for their school to become a centre of deep learning, in all its many facets.

	Feb. 2021	May 2021	Aug. 2021

PROFESSIONAL LEARNING SERIES

Self-Reg 101 For All | \$600/team of 25

Moving away from exclusively a classroom focus, this PLS series will focus on Self-Reg 101 for non-school groups. Be that corporate, law enforcement, legal, government or research teams, Susan Hopkins will guide you through both the 5 Domains (Biological, Emotion, Cognitive, Social & Prosocial) and the 5 Steps (Reframe, Recognize, Reduce, Reflect & Respond) of the Shanker Self-Reg® Framework.

Self-Reg Framework 101 | \$600/team of 25

This webinar series, hosted by Dr. Susan Hopkins, explains the science and theory behind Self-Reg, focusing on being a stress detective in the 5 Domains of stressors: Biological, Emption, Cognitive, Social & Prosocial. Explore the impact these stressors have on the stressloads of the children and staff in our care. Reducing these energy zapping stressors frees up valuable energy for learning.

The Shanker Method 101 | \$600/team of 25

Designed to build on the Self-Reg Framework 101 series or be taken as a stand alone offering, this webinar-based course dives into the 5-Step Shanker Method® at the heart of Self-Reg Practice with the 5 Steps. Reframe the behaviour. Recognize & Reduce the Stressors. Reflect: enhance stress awareness. Respond: develop personal strategies for resilience and restoration.
